NOTIFICATIONS.

Fort St. George, February 7, 1928
(G.O. Mis. No. 105, Public).

No. 46.—In the Public Service Notification published on pages 192—207 of Part I-B of the *Fort St. George Gazette*, dated 12th April 1927, in the table showing the various offices in 'Superior Service' for which special, professional or technical tests are prescribed, under 'P. Medical Department' after '(3) compounders' *insert* the following :—

'(4) Chief Clerks in all offices and institutions under the control of the Surgeon General with the Government of Madras—Account Test.'

Fort St. George, February 3, 1928
(G.O. No. 97, Public).

No. 47.—In paragraph 3 (v) of G.O. No. 773, Law (Education), dated the 3rd May 1926, the Government sanctioned the waiver of the recovery of all increments drawn before 1st March 1925 by the unpassed clerks referred to in paragraph 1 of that Government Order. Several heads of departments and also the Accountant-General apparently understood this sanction to apply to all unpassed clerks in the service of Government. This is not correct. The Government are however pleased to direct that the waiver granted in paragraph 3 (v) of G.O. No. 773, Law (Education), dated 3rd May 1926, shall be extended to all unpassed clerks in the service of Government.

2. Heads of departments appear to have sanctioned exemption to unpassed clerks with retrospective effect even after the receipt of orders in G.O. No. 134, Law (Education), dated 4th February 1925. This is irregular. Retrospective effect will not be given to exemption orders and service for purposes of increment will count only from the dates of exemption. In other cases heads of departments have allowed unpassed clerks to draw irregularly increments in the time-scale through an incorrect understanding of orders. After the issue of the general instructions in G.O. No. 843, Public, dated 6th November 1926, and subsequent orders on individual cases, the Accountant-General issued a circular to all heads of departments declaring that the pay of all unpassed clerks should be revised in accordance with the above instructions and that irregular increments drawn by them were to be recovered.

The Government have been considering this matter again and in order to reach finality in a matter that has long been dragging on, direct that where in pending cases of recovery unpassed clerks have not contributed by act or omission to the incorrect drawal of these excess amounts, the recovery of such amounts outstanding on the date of these proceedings shall be waived. Heads of departments must certify to the Accountant-General that the unpassed clerks in their departments were not responsible for the irregular drawal of increments. It should also be clearly understood that recoveries already effected up to the date of these proceedings will not be refunded.

41. The President may thereupon cause a written explanation to be called for from the respondent. If the President is satisfied that a *prima facie* case has been made out against the respondent, he may himself proceed with further investigation and take further evidence, taking if necessary the advice and assistance of a legal practitioner, or he may appoint a committee of the members of the Council to make such further investigation and take such further evidence.

42. When the President or the committee, as the case may be, consider that a case for further enquiry has not been made out, the President or the committee may decline to proceed with the matter and shall report their action to the Council at its next ordinary meeting.

43. When the President or the committee, as the case may be, considers that a case for further enquiry has been made out, the Registrar shall send by registered post to the respondent a notice in writing in Form X of Appendix E to these rules specifying the nature and particulars of the charge against her, and informing her of the time and date and place of the meeting at which the case will be heard by the Council, and requiring her to send or deliver to the Registrar her certificate and badge, if any, not later than the date on which the hearing takes place. Such notice shall be sent to the registered address of the respondent as given by her in her application or as set out in the register, or if the Registrar has reason to believe that that address is not her present address, then to any address known to the Registrar as the later address and shall be posted so as to allow at least twenty one days to elapse between the date on which the notice is posted and the date fixed for hearing.

44. In any case in which it is proved by the certificate of a Court that a conviction has not been subsequently quashed on appeal, the President shall inform the Council of the facts of the case, and the Council may forthwith, and without further inquiry, order the removal of the name of the registered nurse, midwife or dhai charged and convicted, or the exclusion of a candidate seeking registration from the register.

45. The case shall be heard at a meeting of the Council, of which at least seven days' notice shall be sent by the Registrar, to each member of the Council and the respondent shall be entitled to be represented by a friend or by a legal practitioner, provided that if she intends to be represented by a legal practitioner, not less than seven days' notice of such intention shall be given to the Registrar.

46. At the hearing of the case, the Registrar or other person appointed by the Council for the purpose shall first state to the Council the facts of the case and the charge made against the respondent, and shall then submit to the Council the evidence received in support of the charge and the respondent or her representative shall be invited by the President to address the Council and to tender evidence in answer to the charge and the Registrar or other person appointed by the Council for the purpose shall be entitled to cross-examine any witness tendered in answer to the charge and to reply on the whole case, after the respondent or her representative has replied. The respondent shall also be entitled to cross-examine any witness tendered in support of the charge in the same way as the Registrar or other person appointed by the Council is entitled to cross-examine a witness tendered in answer to the charge.

47. If the respondent does not attend either in person or by a representative, the Council may proceed to hear and determine the case in her absence.

48. Upon the conclusion of the case the Council shall after consideration of the evidence, whether oral or documentary, pronounce its decision forthwith or at a later date in writing or at a subsequent meeting.

49. If the Council finds the charges against the respondent to be proved either wholly in part, it may refuse to include her name in the register or may remove her name from the register permanently or for such period as it thinks fit.

50. The Registrar shall forthwith communicate the decision of the Council to the respondent by registered letter addressed to her registered address.

51. In the case of the temporary removal of the respondent's name from the register, the Registrar shall delete her name from the register in which it is included during the period of such temporary removal and shall retain her certificate and badge, if any. In the case of permanent removal, the Registrar shall delete the respondent's name from the register in which it is included and cancel her certificate and retain her badge, if any.

52. (a) A nurse, midwife or dhai may apply for the removal of her name from the register. Every such application shall bear evidence that it is being made at the applicant's own request and of her own free will and shall be signed by the applicant herself and be accompanied by a declaration made by the applicant in the presence of two witnesses who shall be Magistrates, Ministers of Religion, registered medical practitioners or registered nurses, midwives or dhais able and willing to identify the applicant and to give evidence as to her character, and who shall state explicitly whether or not they are aware of any proceedings or of any reason for the institution of proceedings which might result in establishing any cause for the removal of the applicant's name from the register without her consent or of depriving her without her consent of any qualification or diploma or certificate she may hold and entitling her to be registered.

(b) The Registrar shall bring such application together with the documents in support thereof before the next meeting of the Council at which the application and any objection thereto shall be considered.

The Council shall then consider whether there is any valid objection to such removal and if it finds no valid objection thereto shall remove the applicant's name from the register.

(c) The Registrar shall, upon the removal of the applicant's name from the register send notice of such removal to the applicant by registered letter addressed to her registered address.

53. (a) When the name of a nurse, midwife or dhai has been removed from the register permanently or temporarily for a certain special period under the foregoing rules, any application for the restoration of the name of such nurse, midwife or dhai either in the case of permanent removal or before or after the expiry of the term of any temporary removal shall be made in writing addressed to the Registrar and signed by the applicant, stating the grounds on which the application is made.

(b) The application shall contain the names and addresses of two or more persons, of whom two shall be Magistrates, Ministers of Religion, registered medical practitioners or registered nurses, registered midwives or registered dhais able and willing to identify the applicant and to give evidence as to her character, and the nature of her employment, both before and since the date of the removal of her name from the register as well as such other information as may be required.

(c) The Council may require the applicant to verify by an affidavit or declaration on oath before a Magistrate any statement made in her application, or any further statement which it thinks necessary, and may, if it thinks fit, require the applicant to attend in person at a meeting of the Council at which the matter is to be considered.

(d) If, upon consideration of the application and of the evidence furnished in support of it, the Council is satisfied that the name of the applicant should be restored to the register, it may direct the Registrar accordingly and upon payment by the applicant of the prescribed fee her name shall be restored to the register and a new certificate together with a badge, if any, shall be issued to her, if the certificate originally granted has been cancelled under rule 51.

REVENUE NOTIFICATIONS.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 8.—The following notification is issued in supersession of Notification No. 2, dated 22nd January 1927, published in the *Fort St. George Gazette*, Part II, dated 1st February 1927.

In exercise of the power conferred on him under section 4 (*g*) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licences on fixed fee for the compounding, blending, bottling and sale of potable foreign liquors, locally-made foreign liquors and coconut toddy arrack from and after the 1st April 1928 within the limits of the Madras Presidency :—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land ; plain rectified spirits imported or locally-made and on which the tariff

rate of duty has been paid; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes locally-made foreign liquor, denatured spirits, coconut toddy arrack and ordinary arrack. In the case of licences to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

'Locally-made foreign liquor' is spirit manufactured or compounded in British India and made in colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries. It is excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Coconut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

NOTE.—(1) The minimum strength at which imported and locally-made foreign spirits can be sold are 35° U P for gin, 33° U P for Calcutta arrack and coconut toddy arrack and 25° U P for all other kinds of spirits including Indian arrack, syrups' denatured spirits.

(2) Holders of Foreign Liquor licences should not dispose of any liquor imported by them and cleared from the Custom House on payment of provisional duty before acquainting themselves with the true strength of the liquor and satisfying themselves that it is not below the minimum saleable strength. If on test at the Commissioner's Laboratory it is found that any such liquor is below the minimum saleable strength and has been sold, the excise rules will be rigidly enforced against such licensees.

(3) Holders of foreign liquor licences should send samples of liquors of foreign origin, imported by them by land from other provinces, for test in the Commissioner's laboratory and should not sell them until the result of the test is made known.

(4) 'Rectified spirits' includes 'absolute alcohol'.

'Indian' beer is beer brewed in India (a) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (b) which is brewed at a higher original gravity than 1,058° on a standard saccharometer and (c) the maximum price of which at the brewery is Rs. 40-0-0* per hogshead *plus* the excise duty in force at the time of issue.

*The supply of Indian beer from Bangalore Brewery will be restricted to shops which have obtained beer from that brewery during 1922-23.

2. Licences for the sale of foreign liquors, locally made foreign liquors and coconut toddy arrack shall be of the following descriptions:—

I. *F.L.-1. Wholesale licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 1,000 in Madras and Rs. 250 in other districts, at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this licence are prohibited from selling coconut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules (a).

II. *F.L.-2* and *F.L.-4. Retail licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises (a).*—These will be of two kinds—one (F.L.-2) for the sale of all kinds of foreign liquor except 'Indian' beer and of locally-made foreign liquor and coconut toddy arrack and the other (F.L.-4) for the sale of beer brewed in India.

(a) * The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs 750 or Rs. 1,000 in the Nilgiris except Cudalur, Rs. 500 in the town of Madras, and in Cudalur Rs 250 in towns having a population of 25,000 and over and in Kodaikanal, Vercaud and Cochin, in Shiyali, Tiruttavaipundi, Tiruvadanai, Tenkasi and Ambasamudram taluks and Rs. 150 in the rest of the Presidency*. Under these licences the sale of liquor in quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(b) Retail licences (F.L.-4) for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *F.L.-7. Hotel licences for the supply of residents in hotels and boarding houses.*—These will be of two classes and subject to payment of an annual fee of Rs 500 or Rs. 250 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

F.L.-8 In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or bars may, on payment of a monthly fee of Rs. 100 for a first-class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack under the same conditions and to the same extent as the tavern licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licences will entitle the holders to sell to all comers.

IV. *F.L.-9* and *F.L.-10. Refreshment-room licences* will be of two classes—

(a) *F.L.-9. For refreshment rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dak carriages for the supply on the premises of travellers by such railways or dak lines.*—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold

* NOTE.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India on English principles only in bottles as bottled at the brewery at which it was brewed.

(a) Holders of F.L.-1 and F.L.-2 licences may stock and sell rectified spirit provided (1) that separate accounts are kept for transactions under this head, (2) that receptacles containing rectified spirit are labelled with labels showing the kind or description of spirit contained therein and the place of manufacture, (3) that consignments of rectified spirit imported from other provinces are not opened before they are verified by an Excise Officer, (4) that accounts are maintained in the prescribed form and show in the case of consignments of rectified spirit obtained from other provinces or India, the source of supply route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirit should be furnished.

to *bona fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *F.L.-10. For refreshment rooms in which the sale of liquor is ordinarily combined with the supply of meals or of tiffins prepared and served in the European manner.*—The annual fee will be Rs. 600 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Cuttacamand and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *F.L.-11. Occasional licences*, such as licences for the sale at refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 500 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licences* will also be granted by Collectors in consultation with the officers of the Excise Department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII. *F.L.-12. Auctioneer's licences.*—Annual fee, Rs. 5. The following are important provisions of this licence :—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are alleged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the licences, viz., at any private residence at which the licensee may hold an auction.

VIII. *F.L.-13. Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified spirits in excess of two imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Excise Department, specially authorise) is prohibited. Pure rectified spirits must not be sold under these licences for other than *bona fide* medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Fund or Municipal hospital. Receptacles containing rectified spirits should be labelled with labels showing the kind or description of spirit contained therein and the place of manufacture; consignments of rectified spirit imported from other provinces should not be opened before they are verified by an Excise Officer. Accounts should be maintained in the prescribed form and must show in the case of consignments of rectified spirits obtained from other provinces in India, the source of supply, route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirits should be furnished to Collectors.

OFFICIAL ADVERTISEMENTS.

AUCTION FOR THE SUPPLY OF RATION ARTICLES TO THE DISTRICT JAIL, BERHAMPUR, GANJAM.

Notice is hereby given that the Superintendent, District Jail, Berhampur, will hold auction at the District Jail, Berhampur, at 3 p.m. on Saturday the 3rd March 1928, for the supply of the following articles of rations during the year 1928-29. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should

be superscribed 'Tender for the supply of ration articles to the District Jail, Berhampur'. They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the District Jail, Berhampur, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreement with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamond, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, *plus* so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the jail except on a requisition, signed by the Superintendent, or some responsible person authorized by him in writing to do so 'by order'.

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment of articles delivered to the jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the jail, or in that of the areas from which supplies are drawn, all grain, ata, will be liable to be first exposed to the sun outside before being taken in; also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note, duly signed, showing the number or quantity tendered for acceptance; also to sign and return within a week of payment by cheque, cash order, or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the jail in consequence of the annulment from the security deposited by the contractors or other moneys due to them, and, in the event of any residue, by legal measures, if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be considered.

AUCTION FOR SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE DISTRICT JAIL, MADURA, FOR THE YEAR 1928–1929.

NOTICE is hereby given that the Superintendent will hold an auction, at the District Jail, Madura, at 4 p.m. on Saturday the 10th March 1928, for the supply of the following articles during the year 1928–29. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted; provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders which will only be received on printed forms, to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the District Jail, Madura". They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivering at the District Jail, Madura, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition they should before signing such agreements deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector General of Prisons the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contract should not be an blot.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end sums forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply, a memorandum or advice note duly signed showing the number of quantity tendered for acceptance. Also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts, all accounted bills forwarded by the Superintendent, for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent, separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the term of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and in the event of any residue, by legal measures so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail office.

In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of ration articles to the Central Jail, Vizagapatam". They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Central Jail, Vizagapatam, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated, and, in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3 The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4 Contracts should not be sublet.

5 Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on requisition signed by the Superintendent or some responsible person authorized by him in writing to do so "by order."

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. The contractor shall submit to receive payment of his bill in whole rupees (i.e., fractions of less than half are disregarded and half a rupee and over are taken as a rupee) in the case of bills amounting to Rs. 25 and upwards and the totals of bills for less than Rs. 25 should be rounded to the nearest anna (i.e., amounts below six pies and above are taken as an anna).

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to the sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note, duly signed

showing the number or quantity tendered for acceptance. Also to sign and return, within a week of payment by cheque, cash order, or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and, in the event of any residue, by legal measures, if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail Office.

14. When once the rates offered in an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be considered.

TENDER FOR SUPPLY OF ARTICLES OF DIET AND OTHER HOSPITAL REQUIREMENTS FOR THE GOVERNMENT RAYAPURAM HOSPITAL, MADRAS.

NOTICE is hereby given that sealed tenders in duplicate will be received up to 10 o'clock (morning) on Monday the 5th March 1923 by the Superintendent, Government Royapuram Hospital, for the supply of the following articles:—

Diet (perishable)—consists of perishable articles of daily supply (supply to continue from 1st April 1923 to 31st March 1924). An indent for each day's requirement will be given to the contractor. Payment will be made on monthly bills.

Diet (storable), non-diet (storable), and non-diet (perishable), surgical dressings, aerated waters and bedding and clothing—consist of articles to be indented for in quantities as required by the Superintendent. Payment will be made on monthly bills. Supplies to continue from 1st April 1923 to 31st March 1924.

2. The articles required are detailed in the classified schedule annexed and information as to samples, etc., may be had on personal application at the hospital.

3. A separate tender must be sent in for each article. If a contractor chooses to tender in one and the same form for more than one article, the tender rate for each article will be considered separately and not in relation to others.

4. Tenders will be opened by the Superintendent at the Government Royapuram Hospital between 11 a.m. and 1 p.m. in the presence of those interested who may choose to attend.

5. Tenders to be superscribed in the manner classified in paragraph 1 and on the covers the words "Tenders for Hospital Supplies" written. *Each tender must contain not only the rates but the total value of each item of supply entered in a separate column, the items of which must be totalled up showing the aggregate value of each entire tender. The rates quoted by each tender should be expressed in words also.*

6. Each tender must be accompanied by a deposit (in Government promissory notes or bank receipt) as earnest money of the amount noted against each article. When several articles are tendered for, one bank receipt for the total amount of earnest money will be received. In default of such deposit the tender will be rejected, nor will any tender be received after the time fixed for the opening of tenders. *No cash will be received.* The deposit in Bank should be in the name of the Superintendent of this hospital. This deposit will be returned to unsuccessful tenderers immediately and to the others as soon as they have lodged the security mentioned in paragraph 8 infra.

7. No person making a tender shall be allowed to withdraw his tender for the space of thirty days from the date thereof, and, in the event of his so doing, his deposit shall be forfeited to Government.

8. The successful tenderer must, within three days from date of receiving intimation that his tender has been accepted, lodge security, viz., 10 per cent on the total value of the articles, failing which his deposit will be forfeited to Government. He should also pay the value of the proper stamp duty on the contract.

9. No advance of cash will be made to the contractor. Payments will be made after delivery of the articles on monthly bills by the Superintendent of the hospital. The date of payment and the amount actually passed by the Accountant-General, Madras, for the bills presented by him should be immediately intimated by the contractor to the hospital.

10. A fine, not exceeding 10 per cent of deposit money, will be levied for any infringement of the stipulations of the bond, and, if frequently repeated,

the contract will be annulled and the security confiscated to Government. The contractor's security, if not confiscated, will be returned to him immediately on completion of his contract.

11. The contract must not be sublet without the permission of the Superintendent of the hospital.

12. The Superintendent reserves to himself the right to decline or accept the tender for any one or more of the articles tendered for by the successful tenderer without assigning any reason for so doing. The Superintendent also reserves to himself the right of rejecting tenders without assigning any reason for so doing.

13. Government promissory notes lodged as earnest money deposit for a period of twelve months or less *shall not be endorsed over to the Superintendent but shall remain in the name of the depositor.* Government will appropriate or cancel the notes as per G.O. No. 2358, dated 31st March 1890, Military, authority to that effect being duly entered in the contract or other document executed by the depositor.

14. With reference to the stipulations contained in the preceding paragraph 13, the tenderer should attach a certificate to his schedule or schedules to the following effect:—

"I, the tenderer, agree to have the earnest money if in Government promissory notes or bank receipts confiscated to Government in case of my failure to undertake the contract."

15. No article shall be supplied to the hospital except on the authority signed by the Superintendent or by some responsible person authorized by him in writing to do so.

16 Samples of diet, storable articles, surgical dressings and bedding and clothing only should be sent along with the tender; other samples are not required unless called for. When called for, they must be sent in within two days. If approved and tender accepted, the samples received will be counted as part of the supply. If rejected, the samples will be returned. Tenderers are distinctly to understand that, if the tender be accepted, the balance of the article or articles required must in every way be equal to the approved sample. The opinion of the Superintendent will be final on this point.

Bread.—(1) The bread supplied to hospitals should be free from alum and yield an acidity equivalent to not more than 3 c.c. Normal acid per 100 grammes of bread. The maximum limit of ash permissible in the case of bread is 0·3 per cent (calculated on the dried solids) insoluble in dilute hydrochloric acid.

(2) Samples of bread received from each tenderer will be subject to analysis by the Public Analyst, King Institute, Guindy.

(3) The bread supplied to hospitals from time to time will be subject to analysis and the contractors will be liable to a penalty for exceeding the percentage laid down above. This penalty will be subject to the maximum of 10 per cent of the security amount deposited by the contractor.

17. The number or quantity entered in the schedule is the probable number or quantity which the Superintendent undertakes to require to be supplied and may be more or less according to actual requirements. The Superintendent does not bind himself to receive the full quantity or number noted in the schedule. But the contractor will be under an obligation to supply such larger number or increased quantity as the Superintendent may require him to supply.

18. The system of rounding off fractions of a rupee to the nearest rupee in the case of bills amounting to Rs. 25 and upwards, and in the case of bills for less than Rs. 25 are rounded to the nearest anna, i.e., amounts below six pies are disregarded and, six pies and above are taken as an anna, sanctioned in G.O. No. 853, Finance, dated 15th August 1925, will be adopted in all contractors' bills.

19. The contract rate should include charge for delivery of the articles at this hospital.

20 Every correction in the tender must invariably be initialed by the tenderer, failing which the tender will be rejected.

21. The articles noted in the schedule should be supplied in such quantities and at such times as may be indented for by the Superintendent. Information regarding quantities required at a time may be had on personal application at the hospital.

22. Any information regarding tenders may be had on personal application at the office.

23. All contracts will be subject to confirmation by the Government who will be at liberty, within a period of three months from the date of acceptance of the tenders by the Superintendent, to cancel the contracts either entirely or in respect of the supply of any particular article or any number of articles, supplies made before the date of such cancellation not however being affected.

24 Tenderers should note that all articles of supply will be tested from time to time and penalties will be imposed if articles of inferior quality are supplied.

In the case of suppliers, who may not be able to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of ration articles to the Borstal School, Tanjore." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Borstal School, Tanjore, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned above on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the school within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. With the approval of the Inspector General of Prisons the total amount may be reduced in the case of approved contractors. Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any differences between the prices accepted and those ultimately obtained by the school. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the school except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order."

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the school pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the school on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, in which end annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the school or in that of the area from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required under a penalty not exceeding Rs 25 to invariably send with each supply a memo, or advice note, duly signed, showing the number of quantity tendered for acceptance. Also to sign and return within a week of payment by cheque, cash order, or remittance transfer receipts, all connected bills forwarded by the

Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in price that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Re 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the school in consequence of the annulment, from the security deposited by the contractors, or other moneys due to them, and, in the event of any residue, by legal measures if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the table above will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the office of this school.

21. Payment will be made after delivery on monthly bills by the Superintendent of the Hospital. The date of payment by the Accountant-General, Madras, for their bills should be promptly intimated to this hospital by the contractors.

22. The system of rounding of fractions of a rupee or an anna sanctioned in G.O. No. 888, Finance, dated 15th August 1926, will be adopted in all contractors' bills, i.e., (1) fractions less than half a rupee will be omitted and half a rupee and over will be taken as a rupee in the case of bills amounting to Rs. 25 and upwards; (2) fractions of less than six pies will be omitted and six pies and over will be taken as an anna in the case of bills amounting to less than Rs. 25.

23. The contract rate should include charge for delivery of the articles at the hospital.

24. Every correction in the tender must be invariably initialed by the tenderer, failing which the tender will be rejected.

25. The number or quantity entered in the form of tender is the probable minimum number or quantity which the Superintendent undertakes to require to be supplied, but the contractor will be under an obligation to supply such larger numbers, or increased quantity as the Superintendent may require him to supply. The Superintendent does not bind himself to receive the full number or quantity noted in the schedule.

26. Government promissory notes lodged as earnest security money or security deposit for a period of twelve months or less shall not be endorsed over to the Superintendent but shall remain in the name of the depositor. Government will appropriate or cancel the notes as per G.O. No. 2358, dated 31st March 1890, authority in that effect being duly entered in the contract or other agreements executed by the depositor.

27. The bread supplied to the hospital should be free from alum and yield an acidity equivalent to not more than 3 c.c. normal acid per 100 grammes of bread. The maximum limit of ash permissible in the case of bread is 0·2 per cent (calculated on the dried solids in dilute hydrochloric acid). Samples of bread received from each tenderer will be subject to analysis by the Public Analyst, King Institute, Guindy. The bread supplied to the hospital from time to time will be subject to analysis and the contractors will be liable to a penalty for exceeding the percentages laid down above. This penalty will be subject to the maximum of 10 per cent of the security amount deposited by the contractor.

28. The tenderer should attach a certificate to his tender or tenders to the following effect:—

"I, the tenderer, agree to have the earnest money confiscated to Government in case of my failure to undertake the tender."

29. The contractors should furnish at once specimens of their signatures to the Accountant-General, Madras, along with their first contingent bills endorsed to them by this hospital to avoid any delay in the payment of their claims.

30. Any information regarding tenders may be had on personal application at this hospital.

TENDER FOR SUPPLY OF RATION AND MISCELLANEOUS ARTICLES TO THE ALIPURAM JAIL, BELLARY, DURING THE YEAR 1928–29.

Notice is hereby given that the Superintendent, Alipuram Jail, Bellary Cantonment, will receive tenders at the Alipuram Jail, up to the 25th February 1928, for the supply of ration articles mentioned in the annexed schedule which are required from the 1st April 1928 to the 31st March 1929. There will also be an auction on the 25th February 1928 at 11 a.m.

Tender forms will be supplied on application to the Superintendent, Alipuram Jail, Bellary, to whom they should be returned in sealed covers superscribed "Tenders for the supply of ration and miscellaneous articles" to the Alipuram Jail, Bellary, and be accompanied by the earnest money specified against each group of articles in the schedule. The rates offered should be entered in the tender form in words as well as in figures. Samples of such of the articles as are available can be seen on application at the jail.

Tenders will be accepted according to groups, and rates should be quoted for all articles comprised in group. All supplies must be up to the samples accepted by or approved by the Superintendent.

2. Successful tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them, that their rates have been accepted. In addition to that, they should before signing such agreements deposit security of 10 per cent of the total value of the supplies undertaken. Failing compliance within the time specified, the earnest money may be confiscated and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful tenderers will be taken towards their security deposits and those from others returned.

3. The Superintendent reserves to himself the right to accept or reject any tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered will be subject to the confirmation by the Inspector-General of Prisons whose decision also shall be final in all questions of infringement of contract.

6. As the quantities given in each article of the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of contract plus so much as may be needed to last for a whole month thereafter, provided in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article to be supplied to the jail except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so "By order".

8. No advance of cash will on any account be made to the contractor, when giving orders, nor will the jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees to which end fractions of a rupee forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for purposes of the account.

9. Contractors are required (under a penalty not exceeding Rs 25) to invariably send with each supply a memorandum or advice note duly signed showing the number or quantity tendered for acceptance. A bill for supplies made during the month shall be submitted by the contractor by the 25th of each month.

10. In addition to any difference in prices that may be recoverable from contractors, on account of purchases rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or other justifiable reasons, he

may also annul it recovering all losses sustained by the jail in consequence of the annulment from the security deposited by the contractors or other money due to them and in the event of any residue by legal measures, if so advised.

11. Further information on any point concerning the notification can be had from the Jail office.

12. When once the rates offered by tenderers have been accepted, lower quotation from others to the Superintendent of the Jail or to the Inspector-General of Prisons will not be considered.

13. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in; also if for any other reason the Superintendent considers exposition of articles to the sun necessary.

14. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

C. A. F. HINGSTON, Lieut.-Col., I.M.S.,
Superintendent.

Govt. Hospital for Women and Children,
Madras, 6th February 1928.

TENDER FOR SUPPLY OF ARTICLES OF DIET AND OTHER HOSPITAL REQUIREMENTS FOR THE GOVERNMENT VICTORIA CASTE AND GOSHA HOSPITAL, MADRAS.

NOTICE is hereby given that sealed tenders in duplicate will be received, up to 10 a.m. on Monday the 5th March 1928, by the Superintendent, Government Victoria Caste and Gosha Hospital, Madras, at her office Bell's Road, Triplicane, for the supply of perishable and non-perishable articles, etc., as detailed in the schedule annexed for the year 1928–29.

2. A separate tender must be sent in for each article.

3. Tenders will be opened by the Superintendent, at her office, at the prescribed time, in the presence of those who may choose to attend.

4. Tenders should be superscribed "Tenders for hospital supplies." Each tender must contain not only the rates, but also the total value of each item of supply entered in a separate column and the items so totalled up should show the aggregate total of the entire tender. The tender for each article will be treated as a separate and distinct tender.

5 Each tender must be accompanied by a deposit in Government promissory notes or bank receipts, equal to 5 per cent on the total value of his tender, *and, in default of such deposits, the tender will be rejected*, nor will any tender be received after the time fixed for the opening of tenders. *No cash will be received.*

6. No person making a tender will be allowed to withdraw his tender for the space of thirty days from the date thereof, and, in the event of so doing, his deposit shall be forfeited to Government.

7. The successful tenderer for perishable articles of diet, bedding and clothing must, within three days from the date of receiving intimation that his tender or any portion thereof has been accepted, lodge security, viz., 10 per cent on the total value of his accepted articles, failing which his deposit shall be forfeited to Government; he will also be required to sign a bond and to pay the value of the proper stamp duty on the contract.

8. The successful tenderer for perishable articles of diet must have his articles ready for inspection not later than 7-30 a m. daily.

9. No advance of cash will be made to the contractors, but payment will be made on monthly bills for the supplies of articles.

10. A fine not exceeding 10 per cent of deposit money will be levied for any infringement of the stipulations of the bond, and, if frequently repeated, the contract will be annulled and the security confiscated to Government.

11 The contract must not be sublet. The contractor's security will be returned to him immediately on completion of his contract.

12. The successful tenderers for non-perishable articles of diet, bazaar medicines and hospital necessaries should deliver the articles in bulk within one week from date of order, failing which their earnest money will be forfeited to Government. Payment will be made after the required supply is fully received.

13 The deposit money of successful tenderers will be retained till the supply is completed, but those of unsuccessful tenderers will be returned on application at the hospital.

14. The samples of the different articles may be seen at the office of the Superintendent and the supplies should be strictly in accordance with such samples.

15. The Superintendent reserves to himself the right to decline or to accept the tender for any one or more of the articles tendered for by the successful tenderer without assigning any reason for so doing.

16. Government promissory notes lodged as earnest security or security deposit for a period of twelve months or less shall not be endorsed over to the Superintendent, but shall remain in the name of the depositor. Government will appropriate or cancel the notes as per G.O. No. 2358, dated 31st March 1890, authority to that effect being duly entered in the contract or other document executed by the depositor.

17. Every tenderer should attach a certificate to his tender to the following effect:—

"I, the tenderer, agree to have the earnest money or security deposit confiscated to Government in case of my failure to undertake the contract."

18. Every correction in the tender must invariably be initialled by the tenderer, failing which the tender will be rejected.

19. No articles shall be supplied to the hospital except on authority signed by the Superintendent or by some responsible person authorized by her in writing to do so.

20. The number or quantity entered in the tender form is the probable minimum number or quantity which the Superintendent undertakes to require to be supplied, but the contractor will be under an obligation to supply such larger number or increased quantity as the Superintendent may require him to supply. The Superintendent does not bind herself to receive the full number or quantity noted in the schedule

21. Printed forms of tenders can be had on application at the Government Victoria Caste and Gosha Hospital, Madras.

22. The Government reserve the power of interference and that the acceptance of any tender by the Superintendent of a hospital is provisional and subject to cancellation by the Government at any time within three months of the acceptance by the Superintendent.

23. The rates quoted by each tenderer should also be expressed in words.

24. The bread supplied to the hospital should be free from alum and yield an acidity equivalent to not more than 3 c.c., normal acid per 100 grammes of bread. The maximum limit of ash permissible in the case of bread is 0·2 per cent (calculated on the dried solids) insoluble in dilute hydrochloric acid. The bread supplied to hospital from time to time will be subject to analysis and the contractors will be liable to a penalty for exceeding the percentages laid down above. This penalty will be subject to the maximum of 10 per cent of the security amount deposited by the contractor.

25. Fractions of a rupee in the totals of contractors' bills are rounded off to the nearest rupee (i.e., fractions of less than half are disregarded and half a rupee and over are taken as a rupee) in the case of bills amounting to Rs. 25 and upwards. The totals of bills less than Rs. 25 are rounded to the nearest anna (i.e., amounts below six pies are disregarded and six pies and above are taken as an anna).

13. In clause (*b*) of sub-section (*2*) of section 13 of the said Act, after the word and figure "section 7" the words, figure and letter "or section 7A" shall be added.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to give effect to the recommendations of the Auxiliary and Territorial Force Committee in so far as they involve amendments of the existing Indian Territorial Force Act, 1920. The report of that Committee recommends the formation of two different kinds of units in the Indian Territorial Force (apart from University Training Corps), namely :—

(*a*) the provincial unit, which will be recruited from all classes of men in a province, will have a comparatively extended annual period of training, will be recognised as the main part of a second line of the regular Indian Army, and will be liable for military service both within and without the borders of India ; and

(*b*) the urban unit, which will be recruited from the educated classes of the large towns, will have conditions of training similar to those of the Auxiliary Force, will also be regarded as part of the second line to the regular Indian Army, and will have the same liability for military service as the provincial units.

The Bill embodies and carries out these recommendations, with one exception, namely, that it is proposed that the liability for military service of the urban units should be confined to the province for which they are constituted. It also embodies the recommendation that officers in the Indian Territorial Force should be classified into those of "British rank" and those of "Indian rank", as in the Indian Army.

As suggested by the Committee, the provisions of the Auxiliary Force Act, and those of the Indian Territorial Force Act relating to urban units, are being assimilated, as far as is practicable and without unnecessary changes of mere drafting.

NOTES ON CLAUSES.

Clause 2.—The definition of 'University Corps' has been transferred in substance from section 2 to section 4. (*See* clause 3.)

Clause 3.—This clause provides separately for the constitution of each of the three proposed branches of the Indian Territorial Force, namely, provincial units, urban units, and University Training Corps.

Clause 4.—The junior officers mentioned in this clause will correspond to the present ranks of Indian Officers in the regular Indian Army, namely, Subadars, Jemadars, etc. The senior officers will correspond to the British Officers of the Indian Army, namely, Lieutenants, Captains, etc.

Clause 5.—The amendment which permits any member of a University or College, who is a British subject, to be enrolled in the University Training Corps follows the specific recommendation of the Committee to that effect.

Clause 7.—This is adapted from section 10 of the Auxiliary Force Act, and is intended not merely to assimilate the two Acts, but also to secure that the units of the Indian Territorial Force shall be up to their recorded strength in time of disturbance.

Clause 9.—The object of this addition to section 10 is to secure that a military movement actually in progress shall not be interfered with by reason of a cessation of the liability of the men occurring at the border of a province.

Clause 10.—This important clause provides for the discipline to which the officers and men of the Indian Territorial Force shall be subject in the performance of their duties at various times. The general scheme is that senior officers shall at all times be subject to the Army Act (44 & 45 Vict., c. 58) while performing their duties as officers, that the junior officers shall similarly be subject to the Indian Army Act, 1911 (VIII of 1911), and that non-commissioned officers and men shall be subject to the Indian Army Act, 1911, when mobilized or attached to regular troops, but shall be subject to less stringent discipline while undergoing training only. The discipline of the Indian Territorial Force, when mobilized, will in all respects be the same as that of the Indian Army.

In sub-sections (*1*) and (*2*) of the proposed section 21, the phrase "subject to the terms of his commission and the orders of His Majesty", and in sub-section (*3*) the phrase "subject to the orders of the Governor General" allow provision to be made for the numerous points of detail which may arise in the relations between officers and non-commissioned officers of the Indian Territorial Force and officers and non-commissioned officers of the regular Army when acting together.

Clause 11.—This clause is intended to avoid the necessity for a court martial for the trial of a petty transgression, and it gives the accused an option of being tried by the prescribed authority (usually his own Commanding Officer) or a Criminal Court not below the rank of a first class Magistrate.

Clause 12.—This important clause outlines a scheme of Advisory Committees whereunder there will be Provincial Advisory Committees for all the units in each province, and no Unit Advisory Committee for each unit of the Territorial Force within that province. The policy underlying the section is that the powers and duties of Advisory Committees should be expanded as these Committees gain experience and confidence, and as the ways in which they can be usefully employed become known.

The following Bill was introduced in the Council of State on the 1st February 1928 :—

COUNCIL OF STATE BILL No. 2 OF 1928.

A Bill further to amend the Auxiliary Force Act, 1920, for certain purposes.

XLIX of 1920.

WHEREAS it is expedient further to amend the Auxiliary Force Act, 1920, for the purposes hereinafter appearing; It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Auxiliary Force (Amendment) Act, 1928.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the *Gazette of India*, appoint.

XLIX of 1920.

Amendment of section 4, Act XLIX of 1920.

2. In section 4 of the Auxiliary Force Act, 1920, hereinafter referred to as the said Act), clause (*b*) shall be omitted.

Amendment of section 17, Act XLIX of 1920.

3. In section 17 of the said Act,—

(*a*) in sub-section (*2*) for the word "may" the word "shall" shall be substituted; and

(*b*) the following sub-sections shall be added, namely :—

"(*3*) Any enrolled person may be discharged by such authority, and subject to such conditions, as may be prescribed.

(*4*) Notwithstanding anything contained in sub-section (*2*) or sub-section (*3*), no enrolled person, who is for the time being engaged in military service under the provisions of this Act, shall be entitled to receive his discharge before the termination of such service."

Amendment of section 21, Act XLIX of 1920.

4. In sub-section (*1*) of section 21 of the said Act, the words "subject, in the case of an officer, to the terms of his commission and the orders of His Majesty, and, in the case of a non-commissioned officer or man, to the orders of the Governor General" shall be added at the end.

Insertion of new section 27A in Act XLIX of 1920.

5. After section 27 of the said Act, the following section shall be inserted, namely :—

Presumption as to certain documents.

"27A. Where any non-commissioned officer or man of the Auxiliary Force is required, by or in pursuance of any rule, regulation or order made under this Act, to attend at any place, a certificate purporting to be signed by the prescribed officer stating that the person so required to attend failed to do so in accordance with such requirement, shall, without proof of the signature or appointment of such officer, be evidence of the matters stated therein."

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to give effect to the recommendations of the Auxiliary and Territorial Forces Committee, 1925, in so far as they require legislation and affect the Auxiliary Force, with the exception of the recommendation that the Auxiliary Force should be liable for

general military service within and without the borders of India. The amendments for the most part are designed to assimilate, as far as practicable, the substance of the Auxiliary Force Act to the provisions of the Indian Territorial Force Act as proposed to be amended, in so far as the latter relates to urban units of the Indian Territorial Force.

NOTES ON CLAUSES.

Clause 2.—The omission of clause (*b*) of section 4 is designed to secure that in future persons eligible for enrolment under the Indian Territorial Force Act shall enrol under that Act, and not under the Auxiliary Force Act. The operation of section 6, clause (*c*), of the General Clauses Act, 1897, will preserve the rights and liabilities of existing members of the Auxiliary Force.

Clause 3.—These provisions are reproduced from corresponding provisions in the Indian Territorial Force Act and fill in a blank in the existing Act.

Clause 4.—This amendment allows for provision to be made regulating the relations between officers and non-commissioned officers of the Auxiliary Force and officers and non-commissioned officers of the Regular Army when they are acting together.

Clause 5.—This is reproduced from the Indian Territorial Force (Amendment) Bill and is intended to avoid unnecessary delays in trials and to save waste of time and money.

STATEMENT OF OBJECTS AND REASONS

The list of central subjects in Schedule I to the Devolution Rules, made under section 45-A of the Government of India Act, includes the following :—

(1) Shipping and navigation ;

(2) Lighthouses ;

(3) Port quarantine ; and
(4) Major ports

All these subjects are now administered through the agency of the Local Governments, as provided by section 45-A (1) (*a*) of the Government of India Act, and statutory powers in respect of them have hitherto to a large extent been vested in the Local Governments. At a Conference held in Delhi in November 1924, which was attended by representatives of the Local Governments, the Chairmen of the Port Trusts of the major ports, Port Officers and Port Health Officers, as well as by representatives of the Departments of the Government of India concerned, it was considered whether these subjects should continue to be administered through the agency of the Local Governments or should be administered direct by the Governor General in Council. As a result of these discussions, the Government of India decided that (1) shipping and navigation, and (2) lighthouses should be administered direct and that legislation should be undertaken so as to vest the necessary statutory powers in the Governor-General in Council. They also decided that the question of the major ports, about which there was some difference of opinion, should be reconsidered later when experience of the central administration of other subjects had been gained. Port quarantine, which is closely connected with the sanitation of the port generally, will also be dealt with separately.

2. The Indian Lighthouse Act, which was passed in September 1927, provides for the direct administration of lighthouses by the Governor General in Council. The object of the present Bill is to amend the Indian Merchant Shipping Act, 1923, so as to provide for the administration of shipping and navigation by the Governor-General in Council direct, instead of through the agency of the Local Governments. The amendments which are specified in the Schedule to the Bill are mainly formal, substituting the words "Governor-General in Council" for "Local Government" and making the necessary consequential amendments. Clause 7 of the Bill, however, empowers the Governor General in Council to delegate to any Local Government all or any of his powers under the Act. This provision has been included in the Bill to give the necessary elasticity in administration during the period of transition, and to permit the delegation of powers to authorities which, it may be found, can more conveniently continue to be administered through the agency of the Local Governments.
